ONE-HUNDRED-THIRTEENTH ANNUAL REPORT
NORTH CAROLINA BOARD OF PHARMACY

October 1, 1993 - September 30, 1994

MEMBERS AND ORGANIZATION

COMMISSIONED BY HIS EXCELLENCY THE GOVERNOR OF NORTH CAROLINA

A.F. Lockamy, Jr., Raleigh, President.....Term Expires April 30, 1995
W.H. Randall, Jr., Lillington, Vice President.....Term Expires April 30, 1996
W.T. Biggers, Asheville.....Term Expires April 30, 1995
J.G. Watts, Burlingotn.....Term Expires April 30, 1997
H.V. Day, Spruce Pine.....Term Expires April 30, 1997
W.W. Moose, Mt. Pleasant.....Term Expires April 30, 1995

Executive Director
David R. Work, Chapel Hill

General Counsel
Carson Carmichael, Raleigh

Inspectors
Bobby R. Belvin, Raleigh
Steve W. Hudson, Hickory
Terri K. Readling, Raleigh
J. Ken Wilkins, Walnut Cove

Carrboro, North Carolina
June 29, 1995

To His Excellency
Governor James B. Hunt
Raleigh, North Carolina

Dear Sir:

In compliance with Article 4, Section 90-57 of the General Statutes of North Carolina, we are pleased to submit to you and to the North Carolina Pharmaceutical Association the One-Hundred-Thirteenth Annual Report of the North Carolina Board of Pharmacy. This report contains the proceedings of the Board of the fiscal year ending September 30, 1994.

Respectfully yours,

NORTH CAROLINA BOARD OF PHARMACY
David R. Work, Executive Director

The November 1993 Board meeting produced a public hearing on proposed rules regarding prescriptions by mail, confidentiality of patient information and requirements of personal appearance for permits. of these rules were adopted and copies follow the narrative in this report. The March meeting of the Board resulted in a confrontation between the Members of the Board and the general counsel and medical director of Physicians Health Plan in Greensboro. The essence of the problem was the plan's requirement that pharmacists adjust dosages in order to be paid by the plan. The complaint which came to the Board office was from a pharmacist who was instructed by the plan to use Cardura 8mg tablets divided in half on a prescription for Cardura 4mg. A heated and vigorous discussion occurred between these individuals and the Board Members.

The April meeting of the Board produced another resolution to be sent to the National Association of Boards of Pharmacy. The proposal adopted by the North Carolina Board follows. The resolution was adopted nearly intact by the National Association of Boards of Pharmacy.

DRAFT RESOLUTION

WHEREAS the adoption by Boards of Pharmacy of Patient Counseling and Drug Utilization Review following federal guidelines as a standard of practice has greatly increased the responsibilities and time demands on practicing pharmacists, and

WHEREAS the public safety may be jeopardized by excessive workload demands placed on pharmacists in complying with this and other rules as found by the Iowa Board of Pharmacy in action against Phar-Mor, and

WHEREAS it is the responsibility of Boards of Pharmacy to protect the health and safety of the public in this matter

THEREFORE BE IT RESOLVED

That NABP commission a research project to determine the effect of pharmacist's workload on the public health and safety, assessing such matters as prescriptions per time period, technician assistance, computer capabilities, patient counseling, drug utilization review, hours worked by pharmacy department employees, working conditions, scheduled breaks for food and other matters as necessary and report the results back to the Convention not later than 1996.

The April meeting also was the occasion for the Members to consider the Board's rule on Out-Of-State pharmacies. After much discussion, bargaining and maneuvering a rule was eventually adopted on motion of Mr. Biggers seconded by Mr. Lockamy and it follows this narrative. The motion was eventually approved by the Rules Review Commission with an effective date of July 1, 1994. Board staff conducted the first session for registering Out-Of-State pharmacies on August 22nd at the Sheraton Imperial Hotel in the Research Triangle. During this meeting Mr. Work reviewed the differences in North Carolina law from other states in which these facilities may operate. Mr. Work also explained the application of the patient counseling rule of Out-Of-State pharmacies.

.1607 OUT-OF-STATE PHARMACIES

(a) In order to protect the public health and safety and implement G.S. 90-85.21A, the following provisions apply to out-of-state pharmacies that ship, mail, or deliver in any manner a dispensed legend drug into this State.

(b) Such pharmacies shall:

- (1) Pay a fee of two hundred fifty dollars (\$250.00) for each original registration and thereafter pay a fee of one hundred twenty-five dollars (\$125.00) for annual renewal of each registration;
- (2) Maintain, in readily retrievable form, records of prescription drugs dispensed to North Carolina residents;
- (3) Supply all information requested by the Board in carrying out the Board's responsibilities under the statutes and rules pertaining to out-of-state pharmacies;
- (4) During the pharmacy's regular hours of operation but not less than six days per week, for a minimum of 40 hours per week, provide a toll-free telephone service to facilitate communication between patients and pharmacists at the pharmacy who have access to the patient's records. This toll-free number must be disclosed on the label affixed to each container of dispensed drugs;
- (5) Comply with all USP and FDA requirements regarding the storage, packaging, and shipping of prescription medications;
- (6) Develop and acknowledge the existence of policies governing:
 - (A) normal delivery protocols and times;
 - (B) the procedure to be followed if the patient's medication is not available at the out-of-state pharmacy, or if delivery will be delayed beyond the normal delivery time;
 - (C) the procedure to be followed upon receipt of a prescription for an acute illness, which shall include a procedure for delivery of the medication to the patient from the out-of-state pharmacy at the earliest possible time (such as courier delivery), or an alternative that assures the patient the opportunity to obtain the medication at the earliest possible time; and
 - (D) the procedure to be followed when the out-of-state pharmacy is advised that the patient's medication has not been received within the normal delivery time and that the patient is out of medication and requires interim dosage until mail prescription drugs become available;
- (7) Disclose the location, names, and titles, of all principal corporate officers, if incorporated, and if unincorporated, partners, or owners of the pharmacy. Disclose the names and license numbers of all pharmacists dispensing prescription legend drugs to an ultimate user in this State, the names and, if available, license or registration numbers of all supportive personnel employed by the out-of-state pharmacy who assist such pharmacists in such dispensing. A report containing this information shall be made on an annual basis and within 30 days of each change of any principal office, pharmacist-manager of any location dispensing prescription legend drugs to an ultimate user in this State, principal corporate officer if incorporated, and if unincorporated, partner or owner of the pharmacy. A new registration shall be required for a change of ownership of an established pharmacy to a successor business entity which results in a change in the controlling interest in the pharmacy;

(8) Submit evidence of possession of a valid license, permit, or registration as a pharmacy in compliance with the laws of the state in which the pharmacy is located. Such evidence shall consist of one of the following:

- (A) a copy of the current license, permit, or registration certificate issued by the regulatory or licensing agency of the state in which the pharmacy is located; or
- (B) a letter from the regulatory or licensing agency of the state in which the pharmacy is located certifying the pharmacy's compliance with the pharmacy laws of that state;

(9) Designate a resident agent in North Carolina for service of process. Any such out-of-state pharmacy that does not so designate a resident agent shall be deemed to have appointed the Secretary of State of the State of North Carolina to be its true and lawful attorney upon whom process may be served. All legal process in any action or proceeding against such pharmacy arising from shipping, mailing or delivering prescription drugs in North Carolina shall be served on the resident agent. In addition, a copy of such service of process shall be mailed to the out-of-state pharmacy by certified mail, return receipt requested, at the address of the out-of-state pharmacy as designated on the registration form filed with the Board. Any out-of-state pharmacy which does not register in this State, shall be deemed to have consented to service of process on the Secretary of State as sufficient service.

(c) The facilities and records of an out-of-state pharmacy shall be subject to inspection by the Board; provided however, the Board may accept in lieu thereof satisfactory inspection reports by the licensing entity of the state in which the pharmacy is located.

(d) An out-of-state pharmacy shall comply with the statutes and regulations of the state in which the pharmacy is located.

(e) Any person who ships, mails, or delivers prescription drugs to North Carolina residents from more than one out-of-state pharmacy shall register each pharmacy separately.

(f) Prior to original registration, a pharmacist who is an authorized representative of the pharmacy's owner must appear personally at the Board office on the first Monday of the month, the Monday before the monthly Board meeting, or such other time as scheduled with the Board's staff. Such authorized pharmacist may represent all pharmacies having the same ownership.

(g) An out-of-state pharmacy shall report to the Board information that reasonably suggests that there is a probability that a prescription drug or device dispensed from such out-of state pharmacy has caused or contributed to the death of any patient. The report shall be filed in writing on a form provided by the Board within 14 days of the pharmacy becoming aware of the death. The Board may not disclose the identity of any person or entity making the report, except when it is necessary to protect life or health of any person. No such report in possession of the Board shall be discoverable or admissible into evidence or otherwise used in any civil action involving private parties.

(h) The Board may, in accordance with Chapter 150B of the General Statutes, issue a letter of reprimand or suspend, restrict, revoke, or refuse to grant or renew registration to an out-of-state pharmacy if such pharmacy has:

- (1) made false representations or withheld material information in connection with obtaining registration;
- (2) been found guilty of or plead guilty or nolo contendere to any felony in connection with the practice of pharmacy or the distribution of drugs;
- (3) made false representations in connection with the practice of pharmacy that endanger or are likely to endanger the health or safety of the public, or that defraud any person;
- (4) failed to comply with this Rule;
- (5) been the subject of a negligence complaint resulting from the dispensing of prescription drugs to a resident of North Carolina and based on an investigation of such complaint been found to be negligent:
 - (A) by the Board of Pharmacy of the state in which the pharmacy is located;
 - (B) by the North Carolina Board of Pharmacy if the Board of Pharmacy of the state where the pharmacy is located failed to initiate an investigation of such complaint within 45 days after referral of the complaint from the North Carolina Board of Pharmacy; or

(C) by the North Carolina Board of Pharmacy if the Board of Pharmacy of the state where the pharmacy is located initiates an investigation of such complaint within 45 days, but later advises the North Carolina Board that it will not make a determination of negligence or that it has made no determination of the issue of negligence within one year after referral of the complaint and has discontinued any active investigation or proceeding for such determination. In any disciplinary proceeding based on negligence, the standard of practice shall be that applicable in the state in which the pharmacy is located. In disciplinary proceedings pursuant to Part (h)(5)(A) of this Rule, the Board shall adopt the findings of negligence by the Board of Pharmacy of the state in which the pharmacy is located as part of the Board's final decision without producing its own evidence of negligence.

(i) An out-of-state pharmacy shall notify the Board within five days of receipt of any order or decision by a Board of Pharmacy imposing disciplinary action on the pharmacy. Notwithstanding the provisions of Paragraph (h) of this Rule, if the permit or registration in the state where the pharmacy is located is suspended or revoked, then the pharmacy's registration in North Carolina will be immediately suspended or revoked for the same period of time.

(j) An out-of-state pharmacy registration shall expire on December 31 of each year.

History Note: Statutory Authority G.S. 90-85.6; 90-85.21A; 90-85.26; 90-85.28; 90-85.29; 90-85.30; 90-85.32;

Eff. July 1, 1994.

The August Board meeting was also the occasion for the Board's first consideration of a research proposal. President Lockamy raised the issued which had been discussed on the "People's Pharmacy" radio program on WUNC Radio. The discussion surrounded the possibility of the degradation of drugs exposed to the heat and humidity common in the South in the summertime. This could occur in the delivery process while the items were in common carrier vans, mail boxes or even in automobiles. The Members authorized a sum of money to pursue the study of drug stability under the circumstances noted above.

The September Board meeting produced a committee to revise the Practice Act. Dr. Tim Ives made a presentation to the Board indicating a desire on the part of the President of the North Carolina Pharmaceutical Association and the North Carolina Association of Hospital Pharmacists to pursue this activity. The Board was requested to form the committee and Mr. Bill Randall was eventually named as Chairman. This is one of the few meetings that Mr. Work has missed during his tenure as Executive Director. He had received the approval of the President and Vice President to attend a congressional hearing on a proposed federal statute that would require the reporting of errors which caused a death due to drugs. The federal law is patterned after the North Carolina rule which was the first such law in the United States.

In October of 1993 the Members approved the actual expenses for the Board's staff to attend an international meeting of the National Association of Boards of Pharmacy and the International Pharmacy Federation (FIP) in Amsterdam. This trip was subsidized in part by a grant from the National Association of Boards of Pharmacy and included the Members having the opportunity to visit the Hoechst Pharmaceutical manufacturing plant in Frankfurt, Germany.

Information Required by 93B

The North Carolina Board of Pharmacy had its offices at 104C Hwy 54 Bypass in the Carrboro Plaza Shopping Center for the period of October 1, 1993 through September 30, 1994. During the 1993-94 fiscal year there were 250 applicants for examination, not any candidates were refused admission to the exam while 6 withdrew or did not qualify and the remainder took the examination for licensure. A total of 238 persons were licensed as pharmacists by examination during this year while 154 individuals applied for licensure by reciprocity and were licensed. The Board suspended 17 licenses during this year and revoked 5 licenses. No other licenses were terminated for any reason other than failure to pay the required fee.

.1606 REQUIREMENT OF PERSONAL APPEARANCE

Prior to issuance of any original permit or device dispensing permit, or prior to approval for dispensing by a nurse practitioner or physician's assistant, the following persons must appear personally at the Board office on the first Monday of the month, the Monday before the monthly Board meeting, or such other time as scheduled with the Board's staff:

- (1) the pharmacist-manager for the applicant pharmacy;
- (2) the person in charge of the device-dispensing permit;
- (3) the nurse practitioner applying for approval for dispensing and the supervising pharmacist; and
- (4) the physician's assistant applying for approval for dispensing and the supervising pharmacist.

History Note: Statutory Authority G.S. 90-18.1; 90-18.2; 90-85.3(a),(r); 90-85.6; 90-85.21; 90-85.22; Eff. April 1, 1994.

.2504 PATIENT COUNSELING

(a) "Patient Counseling" shall mean the effective communication of information, as defined in this Rule, to the patient or representative in order to improve therapeutic outcomes by maximizing proper use of prescription medications and devices. This Rule shall apply to pharmacists and to registrants under G.S. 90-85.21. Specific areas of patient counseling include, but are not limited to, those matters listed in this Rule that in the exercise of the pharmacist's or registrant's professional judgment are considered significant:

- (1) name, description, and purpose of the medication;
- (2) route, dosage, administration, and continuity of therapy;
- (3) special directions for use by the patient;
- (4) common severe side or adverse effects or interactions and therapeutic contraindications that may be encountered, including their avoidance, and the action required if they occur;
- (5) techniques for self-monitoring drug therapy;
- (6) proper storage;
- (7) prescription refill information; and
- (8) action to be taken in the event of a missed dose.

(b) An offer to counsel shall be made on new or transfer prescriptions at the time the prescription is dispensed or delivered to the patient or representative. Ancillary personnel may make the offer to counsel, but the pharmacist or registrant must personally conduct counseling if the offer is accepted. The offer shall be made orally and in person, whenever practicable, or through access to a telephone service that is toll-free for long-distance calls. A pharmacist or registrant whose primary patient population is accessible through a local measured or toll-free exchange need not be required to offer toll-free service. Professional judgment shall be exercised in determining whether or not to offer counseling for prescription refills. An offer to counsel shall be communicated in a positive manner to encourage acceptance.

(c) In order to counsel patients effectively, a reasonable effort shall be made to obtain, record, and maintain, if significant, patient information, including, but not limited to:

- (1) name, address, telephone number;
- (2) date of birth (age), gender;
- (3) medical history:
 - (A) disease state(s),
 - (B) allergies/drug reactions,
 - (C) current list of non-prescription and prescription medications and devices.
- (4) pharmacist or registrant comments relevant to the individual's drug therapy. A "reasonable effort" shall mean a good faith effort to obtain from the patient or representative the foregoing patient information. Ancillary personnel may collect, record, and obtain patient profile information, but the pharmacist or registrant must review and interpret patient profile information and clarify confusing or conflicting information. Professional judgment shall be exercised as to whether and when individual patient history information should be sought from other health care providers.

(d) Once patient information is obtained, this information shall be reviewed and updated by the pharmacist or registrant before each prescription is filled or delivered, typically at the point-of-sale or point of distribution to screen for potential drug therapy problems due to:

- (1) therapeutic duplication;
- (2) drug-disease contraindication;
- (3) drug-drug interactions, including serious interactions with prescription or over-the-counter drugs;
- (4) incorrect drug dosage or duration of drug treatment;
- (5) drug-allergy interactions; and
- (6) clinical abuse/misuse.

(e) Unless refused by the patient or representative, patient counseling shall be provided as follows:

- (1) counseling shall be "face to face" by the pharmacist or registrant when possible or appropriate. If this is not possible, a reasonable effort shall be made to counsel the patient or representative;
- (2) alternative forms of patient information may be used to supplement patient counseling;
- (3) patient counseling, as described in this Rule, shall also be required for outpatient

and discharge patients of hospitals, health maintenance organizations, health departments, and other institutions; however, compliance with this Rule in

locations in which non-pharmacists are authorized by law or regulation to dispense may be accomplished by such authorized non-pharmacists; and

- (4) patient counseling, as described in this Rule, shall not be required for inpatients of hospitals or other institutions where a nurse or other licensed health care professional administers the medication(s).

(f) Pharmacies that distribute prescription medication by mail, and where the practitioner-pharmacist-patient relationship does not exist, shall provide counseling services for recipients of such medication in accordance with this Rule.

(g) Records resulting from compliance with this Rule, including documentation of refusals to receive counseling, shall be maintained for three years in accordance with Section .2300 of this Chapter.

History Note: Statutory Authority G.S. 90-85.6; 90-85.21; 90-85.32; 42 U.S.C. 1396r-8(g); Eff. January 4, 1993.

Insurance

§ 58-51-37. Pharmacy of choice.

(a) This section shall apply to all health benefit plans providing pharmaceutical services benefits, including prescription drugs, to any resident of North Carolina. This section shall also apply to insurance companies and health maintenance organizations that provide or administer coverages and benefits for prescription drugs. This section shall not apply to any entity that has its own facility, employs or contracts with physicians, pharmacists, nurses, and other health care personnel, and that dispenses prescription drugs from its own pharmacy to its employees and to enrollees of its health benefit plan; provided, however, this section shall apply to an entity otherwise excluded that contracts with an outside pharmacy or group of pharmacies to provide prescription drugs and services. This section shall not apply to any federal program, clinical trial program, hospital or other health care facility licensed pursuant to Chapter 131E or Chapter 122C of the General Statutes, when dispensing prescription drugs to its patients.

(b) As used in this section:

- (1) "Copayment" means a type of cost sharing whereby insured or covered persons pay a specified predetermined amount per unit of service with their insurer paying the remainder of the charge. The copayment is incurred at the time the service is used. The copayment may be a fixed or variable amount.
- (2) "Contract provider" means a pharmacy granted the right to provide prescription drugs and pharmacy services according to the terms of the insurer.
- (3) "Health benefit plan" is as that term is defined in G.S. 58-50-110(11).
- (4) "Insurer" means any entity that provides or offers a health benefit plan.
- (5) "Pharmacy" means a pharmacy registered with the North Carolina Board of Pharmacy.

(c) The terms of a health benefit plan shall not:

- (1) Prohibit or limit a resident of this State, who is eligible for reimbursement for pharmacy services as a participant or beneficiary of a health benefit plan, from selecting a pharmacy of his or her choice when the pharmacy has agreed to participate in the health benefit plan according to the terms offered by the insurer;
- (2) Deny a pharmacy the opportunity to participate as a contract provider under a health benefit plan if the pharmacy agrees to provide pharmacy services that meet the terms and requirements, including terms of reimbursement, of the insurer under a health benefit plan, provided that if the pharmacy is offered the opportunity to participate, it must participate or no provisions of G.S. 58-51-37 shall apply;
- (3) Impose upon a beneficiary of pharmacy services under a health benefit plan any copayment, fee, or condition that is not equally imposed upon all beneficiaries in the same benefit category, class, or copayment level under the health benefit plan when receiving services from a contract provider;
- (4) Impose a monetary advantage or penalty under a health benefit plan that would affect a beneficiary's choice of pharmacy. Monetary advantage or penalty includes higher copayment, a reduction in reimbursement for services, or promotion of one participating pharmacy over another by these methods.
- (5) Reduce allowable reimbursement for pharmacy services to a beneficiary under a health benefit plan because the beneficiary selects a pharmacy of his or her choice, so long as that pharmacy has enrolled with the health benefit plan under the terms offered to all pharmacies in the plan coverage area; or

(6) Require a beneficiary, as a condition of payment or reimbursement, to purchase pharmacy services, including prescription drugs, exclusively through a mail-order pharmacy.

(d) A pharmacy, by or through a pharmacist acting on its behalf as its employee, agent, or owner, may not waive, discount, rebate, or distort a copayment of any insurer, policy, or plan, or a beneficiary's coinsurance portion of a prescription drug coverage or reimbursement and if a pharmacy, by or through a pharmacist's acting on its behalf as its employee, agent or owner, provides a pharmacy service to an enrollee of a health benefit plan that meets the terms and requirements of the insurer under a health benefit plan, the pharmacy shall provide its pharmacy services to all enrollees of that health benefit plan on the same terms and requirements of the insurer. A violation of this subsection shall be a violation of the Pharmacy Practice Act subjecting the pharmacist as a licensee to disciplinary authority of the North Carolina Board of Pharmacy pursuant to G.S. 90-85.38.

(e) At least 60 days before the effective date of any health benefit plan providing reimbursement to North Carolina residents for prescription drugs, which restricts pharmacy participation, the entity providing the health benefit plan shall notify, in writing, all pharmacies within the geographical coverage area of the health benefit plan, and offer to the pharmacies the opportunity to participate in the health benefit plan. All pharmacies in the geographical coverage area of the plan shall be eligible to participate under identical reimbursement terms for providing pharmacy services, including prescription drugs. The entity providing the health benefit plan shall, through reasonable means, on a timely basis, and on regular intervals in order to effectuate the purposes of this section, inform the beneficiaries of the plan of the names and locations of pharmacies that are participating in the plan as providers of pharmacy services and prescription drugs. Additionally, participating pharmacies shall be entitled to announce their participation to their customers through a means acceptable to the pharmacy and the entity providing the health benefit plans. The pharmacy notification provisions of this section shall not apply when an individual or group is enrolled, but when the plan enters a particular county of the State.

(f) If rebates or marketing incentives are allowed to pharmacies or other dispensing entities providing services or benefits under a health benefit plan, these rebates or marketing incentives shall be offered on an equal basis to all pharmacies and other dispensing entities providing services or benefits under a health benefit plan when pharmacy services, including prescription drugs, are purchased in the same volume and under the same terms of payment. Nothing in this section shall prevent a pharmaceutical manufacturer or wholesale distributor of pharmaceutical products from providing special prices, marketing incentives, rebates, or discounts to different purchasers not prohibited by federal and State antitrust laws.

(g) Any entity or insurer providing a health benefit plan is subject to G.S. 58-2-70. A violation of this section shall subject the entity providing a health benefit plan to the sanctions of revocation, suspension, or refusal to renew license in the discretion of the Commissioner pursuant to G.S. 58-3-100.

(h) A violation of this section creates a civil cause of action for damages or injunctive relief in favor of any person or pharmacy aggrieved by the violation.

(i) The Commissioner shall not approve any health benefit plan providing pharmaceutical services which does not conform to this section.

(j) Any provision in a health benefit plan which is executed, delivered, or renewed, or otherwise contracted for in this State that is contrary to any provision of this section shall, to the extent of the conflict, be void.

(k) It shall be a violation of this section for any insurer or any person to provide any health benefit plan providing for pharmaceutical services to residents of this State that does not conform to the provisions of this section. (1993, c. 293, s. 1.)

SECTION .3000 - DISPOSAL OF UNWANTED DRUGS

.3001 PROCEDURE FOR DISPOSING OF DRUGS

(a) All registrants under G.S. 90-85.21 shall develop and implement policies and procedures to insure that all out-dated, improperly labeled, adulterated, damaged or unwanted drugs or drug containers with worn, illegible or missing labels are destroyed or disposed of so as to render them unusable.

(b) Any permit holder in possession of outdated, adulterated or unwanted drugs other than controlled substances may dispose or destroy such drugs by returning them to the manufacturer, by incineration at a properly permitted facility, or by any other means approved by the Board which will assure protection against unauthorized possession or use. Destructions under this Paragraph taking place at the permit holder's premises shall be witnessed by a licensed pharmacist and documented.

(c) Any permit holder in possession of any controlled substance and desiring or required to dispose of such substance may file a written request on a form provided by the Board for authority and instructions to dispose of such substance. If destruction under this Paragraph takes place at the permit holder's premises such destruction shall be jointly witnessed by at least two licensed pharmacists approved by the Board. All destructions of controlled substances shall be documented and the document shall be retained by the permit holder for a period of at least three years. Copies of the document shall be sent to the Drug Enforcement Administration.

*History Note: Statutory Authority G.S. 90-85.6; 90-85.21;
Eff. October 1, 1993.*

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board
North Carolina Board of Pharmacy
Carrboro, North Carolina

We have audited the accompanying balance sheet of the North Carolina Board of Pharmacy as of September 30, 1994, and the related statement of revenues, expenditures and changes in fund balances for the year then ended. These financial statements are the responsibility of the Board's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the North Carolina Board of Pharmacy as of September 30, 1994, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

NORTH CAROLINA BOARD OF PHARMACY

NOTES TO FINANCIAL STATEMENTS

Note 1. Nature of Operations and Significant Accounting Policies

Nature of operations: The Board was created by the North Carolina General Assembly for the purpose of establishing and maintaining the minimum standards for the practice of pharmacy within the State of North Carolina

A summary of the Board's significant accounting policies follows:

Basis of accounting The accounting policies and practices of the Board's Operating Fund conform to generally accepted accounting principles for Special Revenue Funds

The modified accrual basis of accounting is used by the Board. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. Expenditures are recorded when the liability is incurred.

Cash and cash equivalents Cash and cash equivalents consist of checking accounts, savings accounts and money market accounts

Investments Investments consist entirely of certificates of deposits purchased with maturities greater than three months

Property and equipment Property and equipment is stated at cost and is accounted for in a separate fund. Depreciation is provided using the straight-line method over estimated useful lives of five to ten years.

Property and equipment purchases are made in the Operating Fund. These assets are subsequently transferred to and depreciated in the Property and Equipment Fund

Income taxes: No provision is made for income taxes because the Board is exempt from state and federal income taxes

Note 2. Leased Office Space

The Board entered into a five-year agreement on February 23, 1994, for the lease of office space. The lease term is from April 1, 1994 to March 31, 1999. The agreement also includes a 3-year renewal option with annual increases based upon the Consumer Price Index

NORTH CAROLINA BOARD OF PHARMACY

NOTES TO FINANCIAL STATEMENTS

Note 2. Leased Office Space (Continued)

Future minimum lease payments:

Year Ending September 30,	Amount
1995	\$ 43,835
1996	45,592
1997	47,425
1998	49,316
1999	25,136
	<u>\$ 211,304</u>

Note 3. Retirement Plans

Teachers' and State Employees' Retirement System of North Carolina: All permanent full-time employees of the Board employed prior to July 1, 1983 participate in the Statewide Teachers' and State Employees' Retirement System (System), a cost-sharing multiple-employer public employee defined benefit pension plan. The Board's payroll for employees covered by the System for the year ended September 30, 1994 was \$229,935, the Board's total payroll was \$392,138.

After five years of creditable service, employees qualify for a vested deferred benefit. Employees may retire with unreduced retirement benefits under the following conditions:

1. complete 30 years of creditable service, or
2. reach age 65 and complete 5 years of creditable service, or
3. reach age 60 and complete 25 years of creditable service.

Employees retiring under any of these conditions are entitled to annual retirement benefits equal to 1.71% of their average final compensation times their years of creditable service. Average final compensation is the average of an employee's salary during the employee's four highest paid years in a row. Also, the system provides death and disability benefits to its participants.

NORTH CAROLINA BOARD OF PHARMACY

NOTES TO FINANCIAL STATEMENTS

Note 3. Retirement Plans (Continued)

Employees may retire with reduced retirement benefits under the following conditions:

1. reach age 50 and complete 20 years of creditable service, or
2. reach age 60 and complete 5 years of creditable service.

Covered employees are required by State statute to contribute 6 percent of their salary to the System. The Board is required by the same statute to contribute the remaining amounts necessary to pay benefits when due. The contribution requirement actuarially determined for the year ended September 30, 1994 was \$38,997, which consisted of \$25,201 from the Board and \$13,796 from employees; these contributions represented 11.0% and 6.0% of covered payroll, respectively. All required contributions have been made by the Board.

The "pension benefit obligation" is a standardized disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases and step-rate benefits, estimated to be payable in the future as a result of employee service to date. The measure, which is the actuarial present value of credited projected benefits, is intended to help users assess the System's funding status on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among public employee retirement systems and employers. The System does not make separate measurements of assets and pension benefit obligations for individual employers. The pension benefit obligation for the System as a whole at December 31, 1993, the date of the latest available actuarial valuation, was \$18,164,269,000. The System's net assets available for benefits on that date (at cost value) were \$18,695,663,000, leaving net assets in excess of pension benefit obligation of \$531,394,000. The Board's 1994 contribution represented less than one-tenth of one percent of total contributions required of all participating entities.

Ten-year historical trend information showing the System's revenues by source and expenses by types will be presented in the State of North Carolina's June 30, 1994 Comprehensive Annual Financial Report (CAFR). The State's CAFR will also begin to present prospective trend information showing the System's progress in accumulating sufficient assets to pay benefits when due.

North Carolina Licensing Boards Retirement Savings Plan: All permanent full-time employees of the Board employed after July 1, 1983 participate in the North Carolina Licensing Boards Retirement Savings Plan, a defined contribution plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate from the date of employment. The Board will match an employee's contribution up to 6% of an employee's gross pay. The Board's contributions for each employee (and interest allocated to the employee's account) are fully vested after five years of service. Board contributions for, and interest forfeited by employees who leave employment before five years of service are used to reduce the Board's current-period contribution requirement.

NORTH CAROLINA BOARD OF PHARMACY

NOTES TO FINANCIAL STATEMENTS

Note 3. Retirement Plans (Continued)

The Board's contributions were calculated using covered payroll of \$141,543, which consisted of \$8,520 from the Board and \$10,517 from employees; these contributions represented 6.0% and 7.4% of covered payroll, respectively.

Note 4. Comparative Amounts

The amounts shown for 1993 in the accompanying financial statements are included to provide a basis for comparison with 1994 and are not intended to present all information necessary for a fair presentation of 1993 information in accordance with generally accepted accounting principles.
